NCAST Teaching Practice Disagreement Form

This form will help you identify the items you have the most difficulty scoring on the Teaching scale. As you complete each of the four practice ratings, circle the items you disagreed with NCAST, then place a D in the box below that corresponds to the item of disagreement from your practice rating. This exercise will demonstrate whether there is a pattern to your items of disagreement. If there is, review the item description and, if possible, the video which discusses the subscale in question. The following example demonstrates several items in need of review or re-learning, specifically items 8, 32 and 58 since in three of the four practice videos, the item was missed.

SAMPLE

6.					31.					56.				
7.	D	D			32.	D	D		D	57.				
8.		D	D	D	33.					58.	D	D		D
